### Product Description

Besam VersaMax Swing - uncomplicated to use – easy to adapt

Besam VersaMax ICU Swing provides convenient functionality, easy-to-use breakout, an extremely wide door opening and no floor tracks. The Besam

VersaMax ICU Swing meets all requirements of superior performance in a critical care environment.

## A configuration to meet your needs

Available in single, equal pairs and unequal pair configurations, the manual swing door design provides a convenient user interface, breaks out easily for egress or patient transport and requires no floor tracks. It provides a great solution for a variety of needs.

Besam VersaMax ICU Swing is available in a smoke rated package certified to UL 1784. It includes factory installed t-slotted seals, concealed sweeps and a latching system. An optional door closer is available to provide a self-closing system.
